Blessed G/Michael Catholic Secondary School

Semester 1 Geography Mid1 Examination for Grade10

Academic Year: 2024 / 2018 E.C. Time Allowed: 1:30'

Name: _____ **Grade & Sec:** Grade10 _____ **R.No:** _____

I. Choose the best answer among the given alternatives.

____ **1.** Which of the following representative fractions represents the largest map scale?
A. 1 : 25,000 **B.** 1 : 50,000 **C.** 1 : 100,000 **D.** 1 : 250,000

____ **2.** Lines joining points of equal elevation above sea level on a topographical map are called:
A. Isobars **B.** Isotherms **C.** Contour lines **D.** Isohyets

____ **3.** During which geological era was the Great East African Rift Valley formed through tectonic faulting and volcanic activity?
A. Precambrian Era **B.** Paleozoic Era
C. Mesozoic Era **D.** Cenozoic Era

____ **4.** What is the absolute latitudinal location of Ethiopia?
A. 3°N to 15°N latitude **B.** 10°S to 20°N latitude
C. 33°E to 48°E latitude **D.** 0° to 10°N latitude

____ **5.** Which neighboring country borders Ethiopia directly to the east?
A. Sudan **B.** Kenya
C. Somalia and Djibouti **D.** South Sudan

____ **6.** Closely spaced contour lines on a topographic map indicate a:
A. Gentle slope **B.** Steep slope or cliff
C. Broad flat plain **D.** Deep lake

____ **7.** The longitudinal location of Ethiopia spans approximately:
A. 33°E to 48°E **B.** 10°W to 20°E **C.** 40°E to 60°E **D.** 0° to 15°E

____ **8.** Which of the following is the highest mountain peak in Ethiopia at 4,550 meters above sea level?
A. Ras Dejen (Simien Mountains) **B.** Mount Batu (Bale Mountains)
C. Mount Guna **D.** Mount Choke

____ **9.** What is the Danakil (Afar) Depression famous for in African physical geography?
A. Being one of the lowest and hottest places on Earth (at ~125 meters below sea level)
B. Being the highest plateau in Africa
C. Having the longest tropical river
D. Containing glacier ice fields

____ **10.** On a map with a scale of 1 : 50,000, what actual ground distance is represented by 4 cm on the map?
A. 2 km **B.** 20 km **C.** 0.2 km **D.** 200 km

____ **11.** What is the vertical difference in elevation between two successive contour lines on a topographic map called?
A. Contour interval **B.** Horizontal equivalent
C. Gradient **D.** Grid index

____ **12.** During which geological era was crystalline basement complex rock (granites and schists) formed in Ethiopia?
A. Precambrian Era **B.** Paleozoic Era
C. Mesozoic Era **D.** Cenozoic Era

____ **13.** The Mesozoic Era in the Horn of Africa was predominantly characterized by:
A. Marine transgression and regression depositing limestone, sandstone, and shale
B. Major volcanic trap series basalt flooding
C. Extensive mountain building (orogeny)
D. Continental glaciations

____ **14.** Which Ethiopian river basin flows westward across Sudan to join the White Nile, contributing over 80% of Nile waters at Khartoum?

A. Abay (Blue Nile) **B.** Awash River

C. Wabe Shebelle **D.** Omo River

____ **15.** The traditional Ethiopian agro-climatic altitude zone situated between 2,300 m and 3,300 m above sea level is called:

A. Dega (Cool temperate highland) **B.** Woina Dega (Subtropical)

C. Kolla (Warm lowlands) **D.** Bereha (Hot arid desert)

____ **16.** What type of drainage pattern resembles the branching limbs of an oak tree, typical of uniform geological strata?

A. Dendritic drainage pattern **B.** Radial drainage pattern

C. Trellis drainage pattern **D.** Centripetal drainage pattern

____ **17.** Which rift valley lake in Ethiopia has no surface river outlet and terminates inside a closed endorheic basin?

A. Lake Abiyata and Lake Shala **B.** Lake Tana

C. Lake Victoria **D.** Lake Albert

____ **18.** The bearing of an object measured directly south-east corresponds to an azimuth of:

A. 135 degrees **B.** 45 degrees **C.** 225 degrees **D.** 315 degrees

____ **19.** Which instrument is traditionally used to measure atmospheric air pressure?

A. Barometer **B.** Anemometer **C.** Hygrometer **D.** Thermometer

____ **20.** What is the largest national regional state in Ethiopia by land area?

A. Oromia Region **B.** Amhara Region **C.** Somali Region **D.** Tigray Region

____ **21.** What type of map projection preserves conformal shape over large continental areas but distorts polar area sizes?

A. Mercator projection **B.** Peters equal-area projection

C. Mollweide projection **D.** Gnomonic projection
